ONLY 1964 EXCLUSIVE MASTERPIECES

The **UNGER Ultimate Squeegee** reflects the attention to detail, design elements and desirability usually associated with the world's most highly engineered and technologically advanced car brands – and **UNGER** is giving you a chance to become part of its exclusive owners' club.

Only 1964 **UNGER Ultimate Squeegees** have been created worldwide to commemorate the founding of **UNGER** in 1964, and to further celebrate **UNGER's** 50th anniversary this year.

- The first ever carbon squeegee in the world featuring a superlight carbon handle with hard coat anodised aluminium screws for extra low weight.
- Aluminium channel with a heat treated coating for extra hardness.
- Each Ultimate Squeegee is laser engraved with its own issue number and **UNGER** logo on the sand blasted stainless steel spring.
- Exclusive presentation box with a special metal plate as a certificate of authenticity.

ULTIMATE MATERIAL MIX

Carbon Handle

- Handle: Carbon fibre T700, 7 layers; plus anti slip coating
- Channel: Aluminium ENAW-6060; manually processed; heat treated coating
- Spring: Blasted stainless steel 1.4310
- Screws: Hard coat anodized aluminium 7075
- Rubber: Unger Soft; shore hardness: 53 +/- 2

HANDCRAFTED CHANNEL

- Curved channel endings allow more pressure to be applied at the corners, leading to less detailing.

1964 professional window cleaners will be proud. All the others will be envious.
